REMARKS

Applicants respectfully request a telephone interview concerning this application.

The claims filed June 21, 2006 were sent by facsimile to the Examiner for independent review. The Examiner indicated she would contact the undersigned interview upon receipt; the undersigned awaits to hear from the Examiner.

New claims 18-21 are added. These claims find basis as follows:

In new claims 20 and 21, the recitation “wherein said thin film is removed after forming said network conductor” finds support at page 4, lines 9-12 of the specification.

In view of the above, reconsideration and allowance of this application are now believed to be in order, and such actions are hereby solicited. If any points remain in issue which the Examiner feels may be best resolved through a personal or telephone interview, the Examiner is kindly requested to contact the undersigned at the telephone number listed below.
